Wendy,
This is more appropriately responded to by your program.
Ken

Subject: RE: PolyMet and ARNI

Hello Mr. Westlake,

Could you please send me the EPA's correspondence regarding Aquatic Resources of National Importance (ARNI) waters associated with PolyMet's NorthMet Mine project?

My understanding from Tamara Cameron (USACE) is that there was an ARNI determination made by the EPA and a letter referencing that was sent to the cooperating agencies.

Thank you,

Lori Andresen
